**Experienced UI/UX designer and software developer** with a passion for exceptional user experiences. Proficient in intuitive interface design, user-centered principles, and industry-leading tools. Successfully delivered innovative solutions, bridging design and functionality for seamless integration. Proactive problem-solver, effective communicator, and committed to staying current with design trends and technologies. Ready to create compelling, user-centric software applications.

My primary focus throughout, has been to create -

- **Data-driven UI design**
- **Adaptable design systems across standalone & web-based**
- **Responsive, multi-screen UI design**

## Experience

- Design Lead, **Final Year Project App UI Design** May 2023 - resent
- Web Designer, **Exposys Data Labs, Virtual** Dec 2021 – Jan 2022
- Android UI Designer, **Orbit Solution, Offline** Mar 2022 – May 2022

## Notable Work

**Immaterial Design** - A comprehensive Design System **Dec 2020-Apr 2022**

- Created multiscreen/multiplatform design system.
- Used in internal and customer facing projects.
- Created Online book store, Laptop store and fabrication, **e-commerce website UI/front-end.**
- Designing webpages using HTML, CSS, and Bootstrap also a frontend for responsive multipage website.

**Project** - SCHOOL FACULTY MANAGEMENT SYSTEM **Dec 2020-Apr 2022**

SCIENTIFIC CALCULATOR APP

HOSPITAL MANAGEMENT SYSTEM

- It include a responsive multipage website with **html, css, bootstrap, php, sql, Python, js** ect.

**Common Skin Disease Diagnosis and Prediction ( BE.PROJECT )**

**Android Application** aims to identify skin diseases from images by enhancing them through noise reduction and grayscale filtering, aiding doctors in early diagnosis and appropriate treatment. The approach improves image clarity, aiding in accurate disease classification and emergency care.

- Technologies: **Android, Deep Learning & Image Classification, CNN**
- Duration: May 2023

## Academics

Bachelor of Engineering

**Vidya Pratishthan'skamalnayan BajajInstitute of Engineering & TechnologyBaramati.**

Pursuing:2019-2023

**CGPA: 7.27**

Senior Secondary (XII)

**KSK science college, Bhigwan, Pune.**

**Percentage: 62.31%.**

(2018-19)

Secondary (X)

**Vidya Pratishthan's English Medium School (CBSE), Baramati.**

**Percentage: 65.67%**

(2016-17)

## Key Skills

Wireframing

UI-UX Design

Design Systems

Front-end Development

Mobile App & Web App's

Web-Developer & Designer

## Software

Figma

xampp

Canva

Adobe Illustrator

VS Code

Android Studio

Principle

Jupyter notebook

## Certification

**Android App Development**

2022, Orbit Advanced Computer Training, Baramati.

**Core Java**

2021, Orbit Advanced Computer Training, Baramati.

## Other Info.

**Languages**

English, Hindi, Marathi

**Hobbies**

Trekking ,Playing Games

Sketching portraits

## Interests

Instagram Content for Designers
